111111 (bar)      This is a C shaped bar chord  ||11||
||||2|            which can be simplified when  ||||||
||3|||            playing the tab to...         ||2|||
|4|||| 5th fret                                |4||||
but if your just strumming chords use the normal D (a hell of a
lot easier).

 / is "slide"
 h is "hammer on"
 p is "pull off"
 d is "dampen"
 ( ) is "Ghost note"
```

==========

REMARQUES / COMMENTS :

NOTE: You may notice that some of the tab doesn't line up with the chords, sometimes the tab indicates playing the notes of a chord before the chord change. Don't worry I'm right, listen to it yourself just In case it's too confusing (as this is my first transcription it probably will be). Beautiful song, full credit to Keith S. and Bryan A.
