```
*C*
 some people walk the straight and narrow - some walk the rocky road
 some get the silver spoon and some get the heavy load
             *F*
  there's a man in a paper box he smiles whenever we walk by
  we just walk a little faster and say "there but for the grace of God go i"
                                                       CFC
                                      Am F
 but a little love - just a little love - a little love can change it all
*C*
 i've been up and down this highway and i ain't seen a road sign yet
  it's a cold hard world baby you gotta hang on to what you get
  well i don't believe in miracles but that don't mean they don't come true
  well i may not get to heaven but i get a little closer when i'm with you
                                      Am F
                                                       CFC
  but a little love - just a little love - a little love can change it all
  (yeah)
        *F*
  well i get a little tired walkin' down the street
  people on my side - everyone i meet
  but they don't know what's on my mind
  and they don't know that they might find
                                                  C F C
                                                                 G
                                 Am F
  a little love - just a little love - a little love can change it all
                                                                   *C*
* ( *
 right when you think you don't need love is when you need it most
 if you got the father the son and the holy ghost
  well there's more to truth baby than what we know is true
  ya we wander round in the darkness but every now and then a little light shines thru
  \mbox{\footnotemark} G \mbox{\footnotemark} Am F \mbox{\footnotemark} C F C \mbox{\footnotemark} G and a little love – a little love can change it all
